GBA GV1

The popular Global Bill Acceptor, GBA, is a widely distributed and accepted bank note reader, which is renowned for its simplicity, reliability and capacity to accept a wide range of world currencies.

The GBA GV1 note reader offers a secure, modular, front access vault solution, particularly designed for the kiosk and gaming industries. It is a global product, which can be used in all international markets by a snap-change of a note guide. The secure note cassette is easily removed and can be both locked itself and also into place within the housing.

The GBA GV1 is powered by the GBA ST2 note validator, employing the innovative "Sense Technology" note validation. Modularity is the key, with all of the principle parts immediately accessible for easy service and support.

Key features:

- A wide range of interfaces including: Parallel, Pulse, Serial, MDB, ccTalk.
- Accepts up to 32 notes, in 4 directions (max note width 85mm)
- Secure 600 and 800 note capacity cassettes (new USD\$1 notes)
- RFID Audit capable
- Illuminated, blue flashing note guide as standard
- USB download capabilities
- Independent note validation module
- Optional magnetic detection
- Integrated coupon/barcode reader
- Flash drive update for firmware and noteset configurations
- Comprehensive GBA Talk software support package
- Range of stylish bezels to suit a variety of applications
- Modular construction
- Removable upper housing assembly for access to the internal note path.

The GBA GV1 has wide ranging applications in markets requiring a secure, front access note stacking solution.

Support

Backed by dedicated teams of research and development engineers, sales professionals and support staff, the GBA product is our commitment to a vision of product excellence and customer satisfaction.

The Company

Astrosys International Ltd specialises in the design, manufacture and distribution of the Microcoin coin validator and GBA bank note reader. It supports its products with ISO9001 certified manufacturing plants and an international network of offices and market representation in Australia, Hong Kong, the United Kingdom and the USA.
